

DDI- 8624/83

29 NOV 1983

Att. ER P3-5782

MEMORANDUM FOR: Deputy Director of Central Intelligence

THROUGH : Director of Scientific & Weapons Research
Deputy Director for Intelligence

25X1

FROM : [REDACTED]
Deputy Director of Scientific & Weapons Research

25X1

SUBJECT : Response to Administrator Beggs Concerning
Soviet Requirements for NASA-Related
Technology [REDACTED]

25X1

1. Recommendation: That you sign the attached memorandum
to NASA Administrator James Beggs. [REDACTED]

25X1

2. Background: At the conclusion of our briefing to
Administrator Beggs in late October, you agreed to supply him
with a list of Soviet Requirements for NASA technology to help
him take some preventive actions. [REDACTED]3. Both the Technology Transfer Assessment Center and the
Space Systems Division of OSWR have made a study of special and
other materials relating to Soviet requirements for NASA-related
technology and activities that cover the period from the mid-
1970's to the present. Our findings are presented in the
attachments to the recommended memorandum to Administrator
Beggs. The requirements have been summarized and sanitized to
the maximum extent possible without sacrificing accuracy. The
release of these data at the SECRET [REDACTED] level
has been approved by the Soviet/East European Division of the
Directorate of Operations. (S NF)
